

THIN-WATER DAY CRUISE

Upper Broad Creek to Latham Whitehurst Park

Saturday, June 25, 2021

Do you have a dinghy, canoe, kayak, or other shallow draft boat? Here is a chance to get it out on the water.

We are having a shallow water draft cruise on Saturday, June 25th from 1100 to 1500 on Upper Broad Creek to Latham Whitehurst Park.

The floating dock at the Park is about 25' long and has five small cleats. Painters can also be tied to the ramp rail leading up from the dock

There are options for the length of your day cruise.

- If you leave from the launch ramp at the end of Habourside Drive the distance is about 6.3 nm.
- If you take your big boat into Upper Broad Creek, anchor near Blackbeard and dinghy, canoe or kayak from there, distance is just over 4 nm. Of course, you could anchor farther up the creek and make it shorter.
- You could even drive around to Lee's Landing and launch. Distance is a little less than a mile up Broad Creek to the Latham Whitehurst Docks. The drive to Lee's Landing is 20 miles or so from the FH main gate.

We are not renting the Pavilion at the parking lot and plan to meet by staying in our boats, sitting under the pergola, or sitting on the docks (portable chairs are recommended).

Bring your picnic lunch and beverage of choice for great fellowship and a fun day at the park and on the water. Be sure to pack bug repellent and sun protection. Attached is a map of the park showing trails, facilities and docks and also a chart of Upper Broad Creek. Although narrow and twisting, depths are good all the way to the Latham docks.

If you do not have a boat and want to join us by land yacht, it is about ¾ mile walk from the parking lot to docks.

If you are coming out of Northwest Creek, we plan to meet up at marker 1N at 11:00 hrs.

We will monitor VHF channel 69 on your marine radio. If plans change, we will let all those signed up by email and by VHF channel 69 at 09:00 on the day.
