

We want to get to know you!

"There is nothing - absolutely nothing - half so much worth doing as simply messing about in boats."

The Wind in the Willows by Kenneth Grahame

Whether your boat is a little aged with use or brand new, a small runabout or a power cruiser, a day sailor or a cruising yacht, FHYC offers a myriad of opportunities to enjoy your vessel, to partake in educational seminars that increase knowledge and safety on the water and to mingle with others who enjoy "messing about in boats".

Fairfield Harbour Yacht Club

Our History and Mission

FHYC was founded in 1984 and is still committed to promote cruising and racing, encouraging safe boating, education, camaraderie and fellowship for our members. Because the club does not own any facilities, such as a clubhouse or docks, members keep their boats at private docks, local community marinas or storage facilities. Activities and seminars are planned to promote participation of both power and sail boaters alike and to foster community spirit. FHYC Membership is open to boating enthusiasts living in Fairfield Harbour, an active waterfront community in coastal North Carolina, six miles south east of New Bern. Contact us for more details about our membership.

Cruising, Racing, Education, Social and Service

CRUISES are planned to meet the needs of all skill levels. Both power boaters and sailors participate in day, overnight, weekend, or longer cruises throughout the season. Cape Lookout, Ocracoke, Chesapeake Bay, Local Waters and July Fireworks are a few.

RACING events welcome all levels of experience from novice to casual to more advanced to competitive. Try your hand at Dinghy Series, Ensign Series, Fun Races and Regattas.

EDUCATION programs and seminars related to health and safety, maintenance, technology, and knowledge of cruising are popular topics.

SOCIAL events are held throughout the year on both land and water. The season starts with the Commodore's Ball and Commissioning Day as well as Impromptu Happy Hours, Raft-ups, Monthly Dinners and Game Nights.

SERVICE to the greater community is supported by our Annual Canned Food and Clothing Drives, the Salvation Army Angel Tree, and much more.
